
\ "Grades computed\" and \ "Quality computed?"

Posté par danielddgt - 09-03-2010 à 18:45

Students receive two grades in their activities, "Grades computed" and "Quality computed", what are each of these parameters?

It would be very usefuley, if I know where stay the source the code that works the process of the "Notes et participants". Where is the file responsible for generating the notes?

Thanks.
