help with SMTP WIMS!!! (email)

Posted by danieldgt - 2010/05/27 03:54

_____

Hello,
In the my instituition I installed wims in http://200.17.35.6/wims, but he (wims) do not
send emails.
I have one question:
how to configure wims to that it can send emails??

thanks

_____

Bonjour,

In WIMS online maintenance, with your password, in Configuration click "appearances", and write your email adress in
the last case.

JBa

_____

but this configuration not make the wims send emails with for example: "Creation of a class"!!
I think: I need to do some setting beyond this!

thanks

_____

or example with "creation of a class", you can get the class code in wims/sessions open var. The number is w_code=
